The certificates will be over and above the current requirement of recommendations by an inter-ministerial panel.

issuance of such defamatory, malicious and false statements and advertisements, have misled genuine investors, when those entities continue to wilfully disobey the 2012 judgment and subsequent orders by refusing to deposit the amounts directed and ordered to be deposited in the Sebi-Sahara refund account".

"The Sahara India group has thereby obstructed the implementation of the SC order which also amounts to contempt of the SC orders," Sebi said.

Sebi has made its best efforts in disbursing refunds amounts in spite of the continued failure of the contemnors (Sahara group firms, Royand some directors) in furnishing clarification, explanation and providing informa tion relating to disputed cases, etc, as reflected from time to time in its various status reports, the affidavit stated, adding that nothing further survives in respect of the implementation of the 2012 order "other than further attachment, sale of assets and realisation of monies".

Sahara group has been locked in a prolonged legal battle with Sebi for allegedly breaching norms in raising over ₹24,000 crore through bonds. The group was asked by the Supreme Court to deposit the funds with Sebi to refund investors, while it maintains to have already refunded most of the bondholders.

The revised OFS consists of Edelweiss Tokio Life Insurance.

In the lender's previous draft papers, filed in 2021, the companywas planning to raise ₹330 crore via a fresh issue and the promoter, Fincare Business Services, was the sole selling shareholder with an OFS of ₹1,000

PRANAV MUKUL New Delhi, August 8

INDIAN AIRLINES REPORTED 478 technical snags due to malfunctioning of components between July 1, 2021 and June 30, 2022, of which the most were witnessed by Air India, followed by IndiGo, SpiceJet and GoAir, according to information provided by Minister of State for Civil Aviation VK Singh in the Rajya Sabha on Monday.

"An aircraft may experience technical snags due to malfunctioning of components/equipment fitted on the aircraft which require rectification by the airlines for continued safe, efficient and reliable air transport service. These technical snags are reported by the flight crew on receiving an aural/visual warning in the cockpit or an indication of an

inoperative/faulty system or while experiencing difficulty in handling/operating the aircra-

ft,"he said. However, despite the high number of technical snags faced by airlines in the country, only 27 safety related issues happened in 2021 and 2022 (till July 25), according to a different reply by Singh in the Rajya Sabha. Following the increase in technical snags over the last one year, the Directorate General of Civil Aviation (DGCA) conducted 177 surveillance exercises, 497 spot checks and 169 night surveillance exercises on engineering and maintenance aspects of airlines between July

Based on the violations found during surveillance, enforcement action has been taken by the aviation regulator against responsible airline personnel in 21 instances.
